

Friday 5th March 2021.

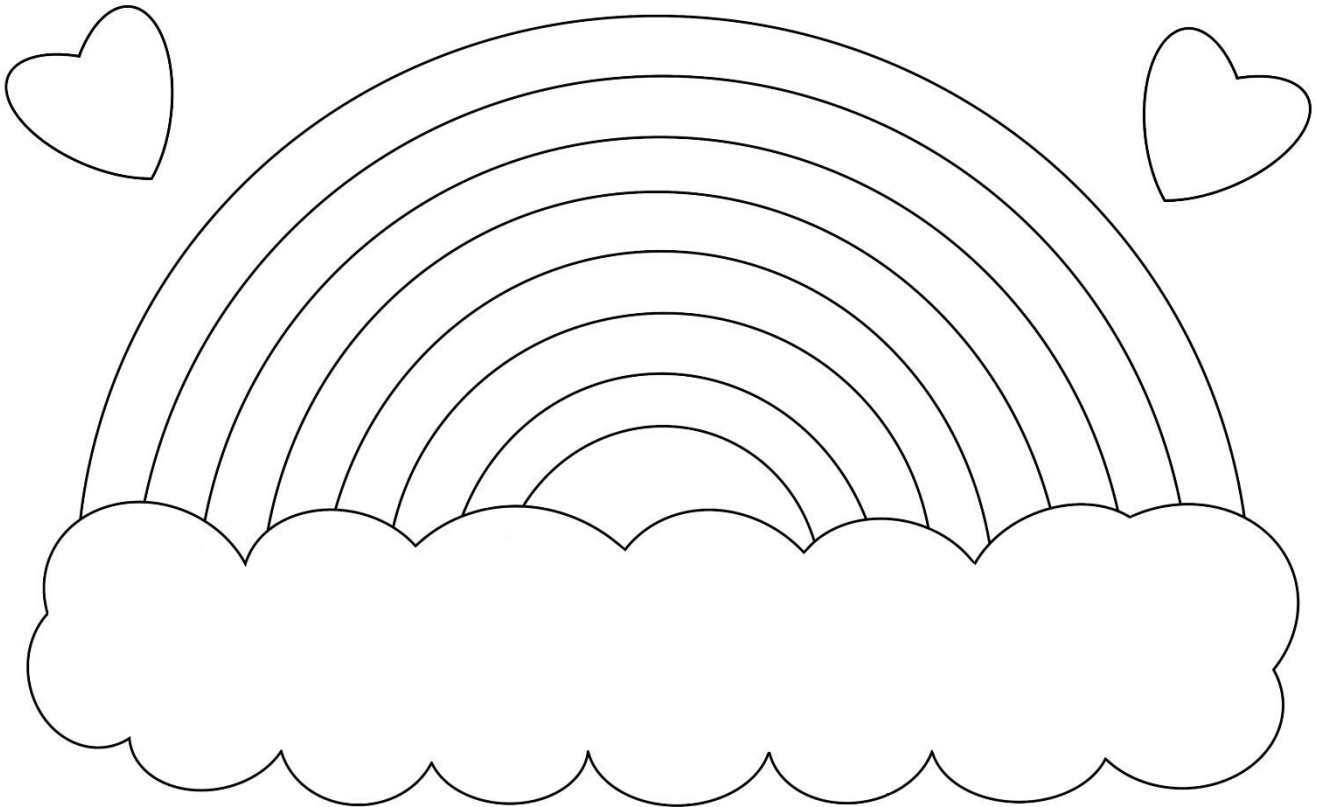

NHS fundraiser day.

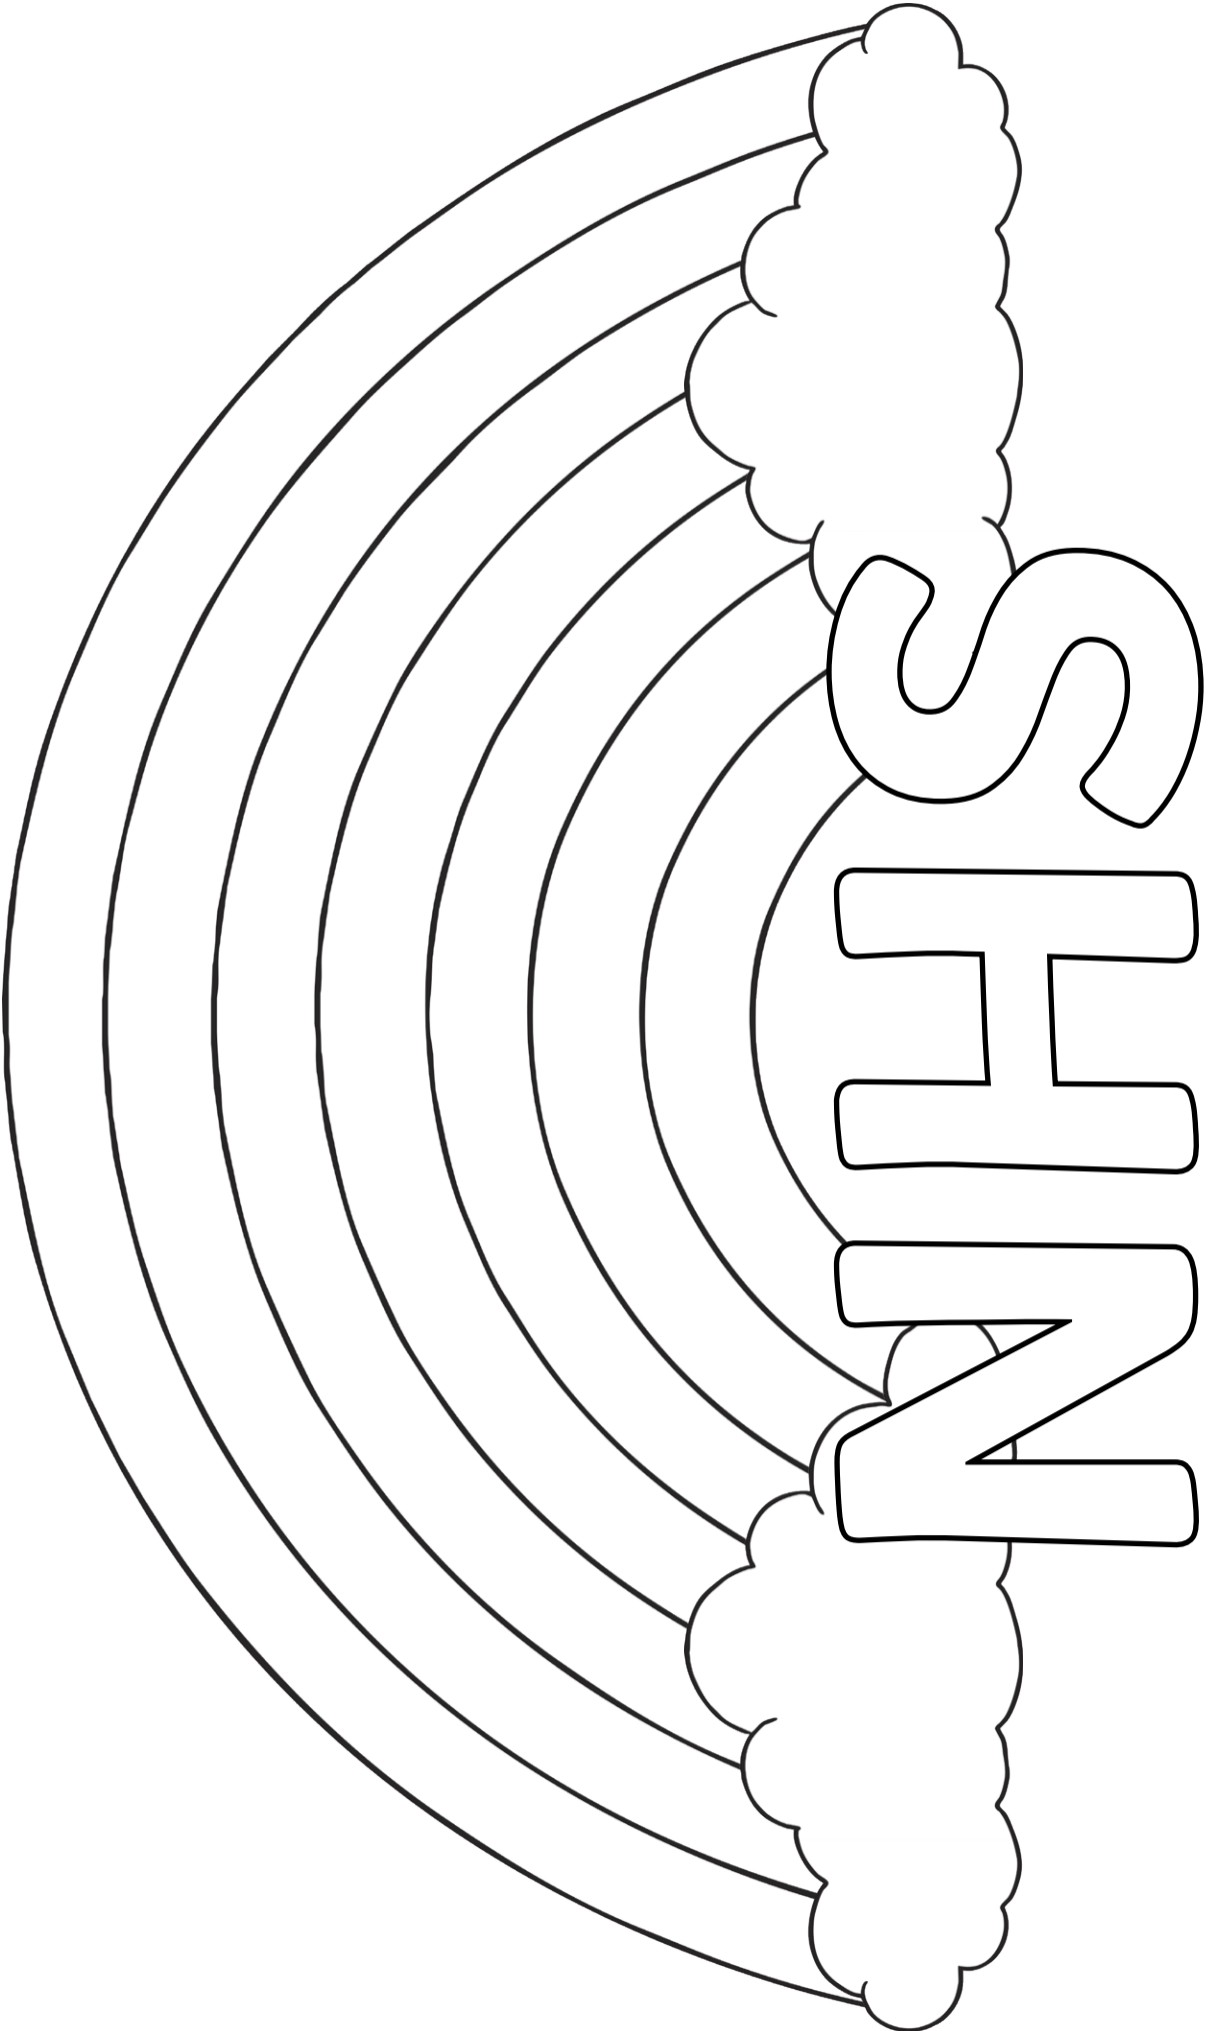

Today we are celebrating the wonderful work of the NHS during the global pandemic. We would like you to wear as many rainbow colours as possible today. We would love to see a photo of your fantastic rainbow inspired outfit so please do send one through to your class email address. We have found a few rainbows that you can colour at home and display on your windows to show your appreciation to others.

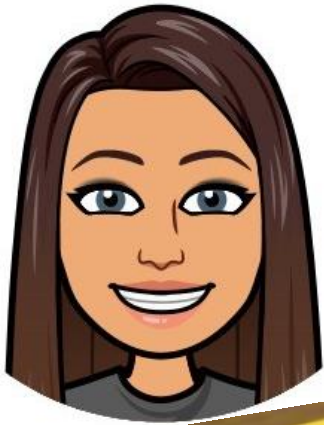

We are so proud of all your hard work and resilience through this latest lockdown and cannot wait to see you all back in school.

Thank you from the Reception Team.

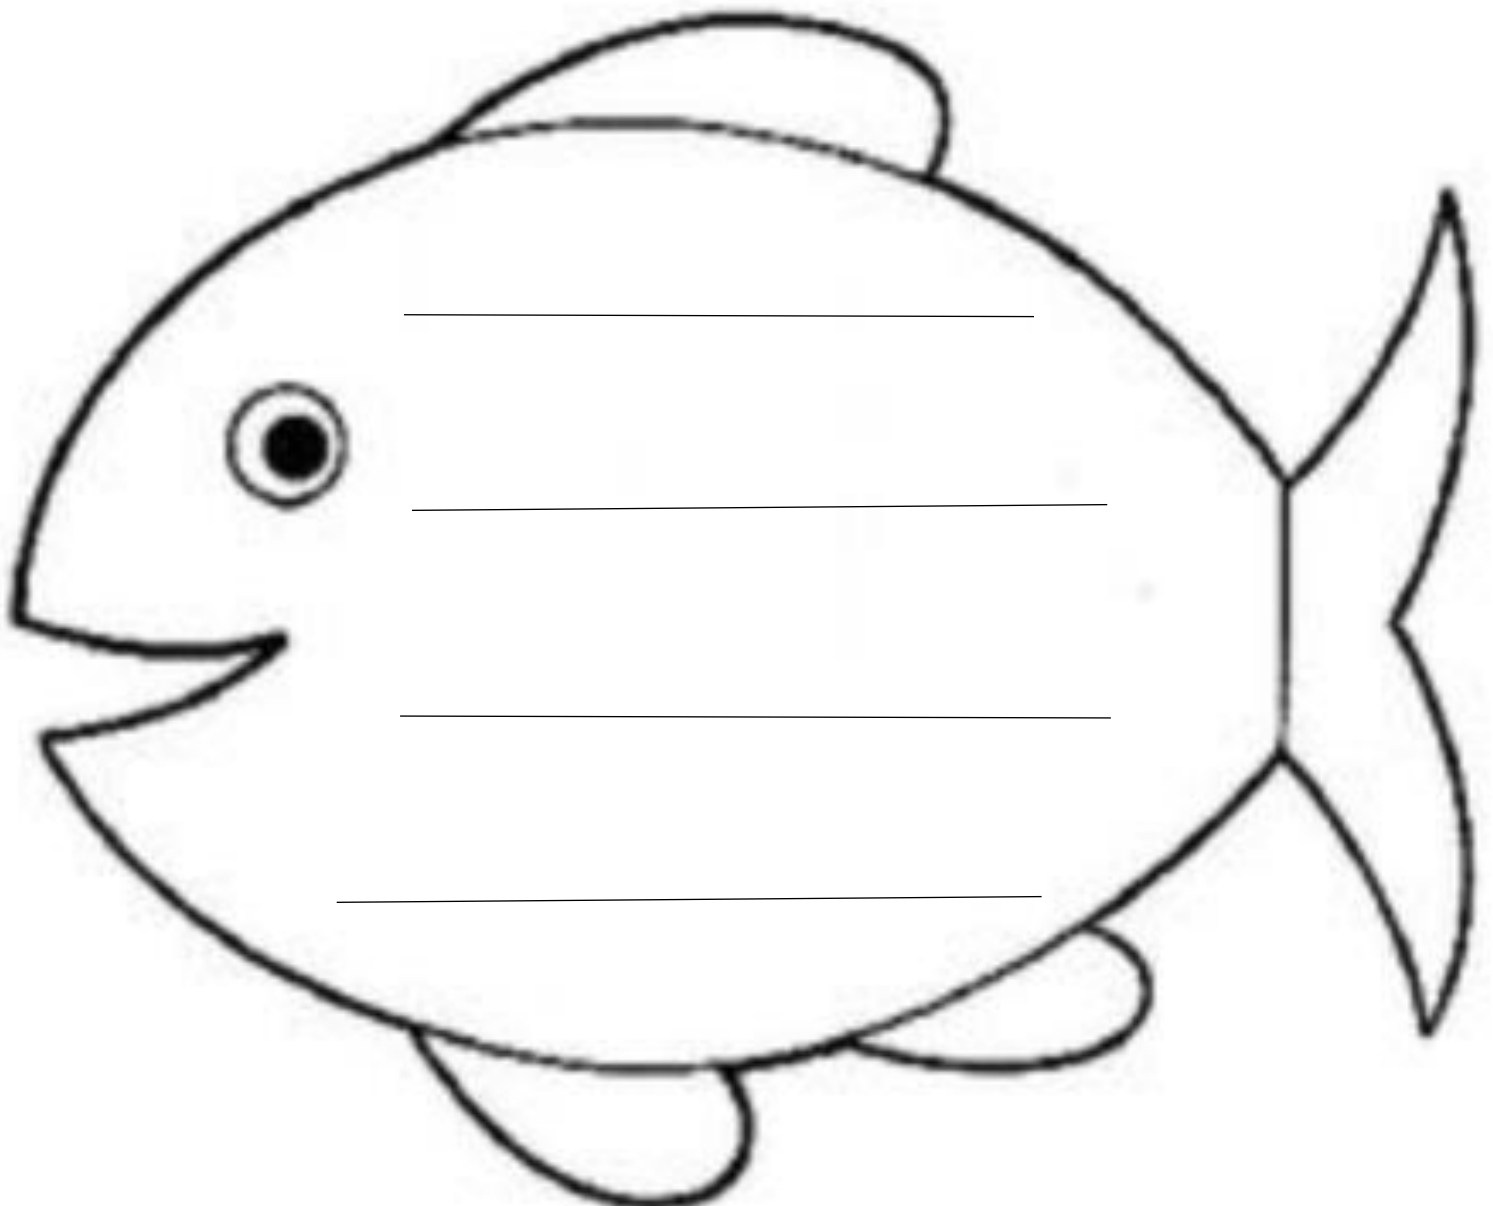

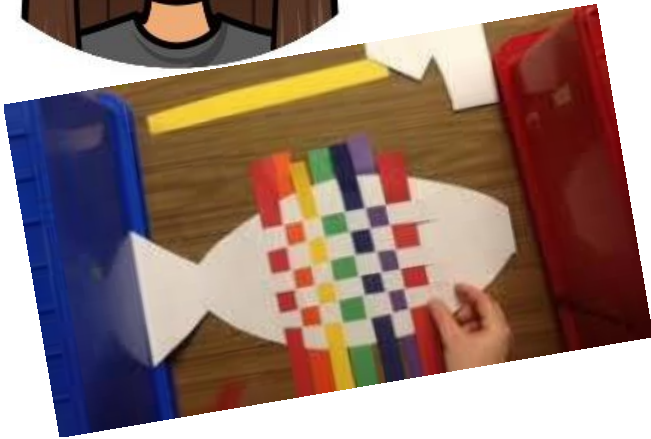

THANK YOU

Here are some examples of weaving. This is where you feed paper between another piece of paper to create a pattern. Can you have a go at weaving? You can use a paper plate or a plain piece of paper. You could use the template below. Be careful to cut out the fish and ask a grown up to help you cut the lines in the fish.

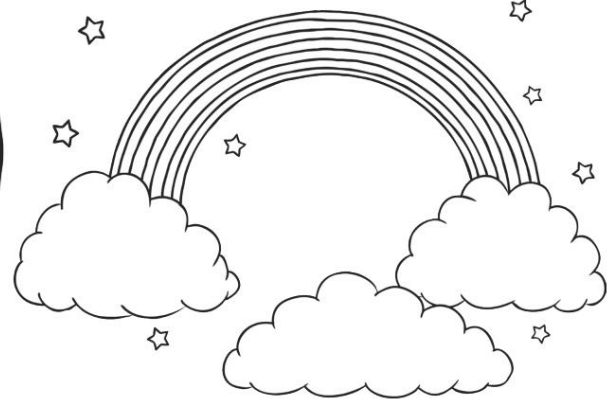

Doctors, nurses and health care professionals work very hard to keep people healthy and care for them if they get poorly. Here are some videos for you to watch to help you learn all about the role of doctors and nurses.

https://central.espresso.co.uk/espresso/modules/ey_people_help/people_near/index_doctor.html

Have you ever been to see a doctor or a nurse? Did they help you to feel better? Maybe you had an injection to protect you from getting ill.

Write a thank you card to a doctor or a nurse. Maybe next time you have an appointment you could take the card with you to give to them.

Thank You
NHS
